Scenarios of Desire II, Emergent, Veurne

in collaboration with Sanne Jansen

exhibition: 5 June - 15 September 2019

curators: Roxane Baeyens and Whatspace (Koen Delaere & Bas van den Hurk)

An over two month exhibition at Emergent Veurne (B).

This was the second edition of a Whatspace project around the concept of desire.

The installation was made over three consecutive rooms. It was based on the props and costumes we developed for the Lars Doberman/Orkater play

'De ratten, de riten en het ritme' that featured at Oerol just before this exhibition.

Costumes and installation made in collaboration with fashion designer Sanne Jansen.
